Sub: - General Corporate Announcement

We wish to inform you that we have entered Memorandum of Understanding (MOU) on 19th December, 2023 with Magure Softwares Private Limited to collaborate on the development, implementation and deployment of digital signage and display solutions incorporating machine learning and artificial intelligence technologies ("Collaborative Project"). This Collaborative Project aims to leverage the expertise and resources of both Magure Softwares Private Limited and Arham Technologies Limited to create innovative and advanced solutions for the digital signage industry and any other relevant display solutions using machine learning and artificial intelligence.

The above is for your information and dissemination to the stakeholders.

Thanking you,
Yours faithfully,

For Arham Technologies Limited

Pooja Avinash Gandhewar

Company Secretary cum Compliance Officer
